# CINCINNATI PERSONAL CYBER PROTECTION™

Taking Steps to Protect Your Digital Footprint

## Protecting yourself against personal cyber risks

Computers, tablets, smart phones and other connected technology serve as a critical and integral part of your personal life. These same systems that make your life more enjoyable and comfortable also create new opportunities for cyber attackers to infiltrate your home. This access to data can then be used to steal information, extort money and commit fraud.

Cincinnati's Personal Cyber Protection<sup>1</sup> offers comprehensive insurance that provides coverage and services for computer attacks, cyber extortion and online fraud that can happen with smart phones, computers and other connected home devices.

## Cyber risk protection

You receive significant cyber insurance coverages including:

- Cyber attack pays to recover data and restore systems that have been lost or damaged after an attack involving malware or unauthorized use of owned or leased covered devices and connected home devices. Covered devices include computers, security monitoring systems, smart phones, smart appliances, tablets, thermostats and Wi-Fi enabled devices.
- Cyber extortion provides payments and professional assistance in responding to demands based on a credible threat to damage, disable, deny access to or disseminate content from devices, systems or data, including ransomware attacks.
- Online fraud that results in a direct financial loss, including counterfeit currency, forgery, illegal bank and credit card transfers, and phishing schemes.

## Additional services

You also have access to additional personal coverage services provide by experts:

**Risk management** – My Tech Support offers computer diagnostics by phone, at no additional charge, and competitive rates for virus removal, technical support and related digital security services.

## Claims:

- Claims managed by knowledgeable cyber claim specialists
- Access to cyber extortion specialists
